

Name _____ Homeroom _____

Career Research Paper

What STEM career did you choose? Write it from the website you visited.

Research your chosen career. What does someone in this job do? Write in your own words. (I)

Where would someone in this field work? In other words, what sort of company, business, or organization? (I)

Name _____ **Homeroom** _____

Why would you be interested in going into this field? (Y)

What strengths do you feel you have that would make you suitable for a career in this area? (I, Y)

What subjects in school would aid you in preparing for this career? (I)

What skills are necessary for someone in this career? (I)

What are some things you could do now to assist you in strengthening your skills in this area? (Y)

What is the average yearly salary for someone in this STEM career? (I)

Once you have completed all of the questions from your research (I) and logical reasoning (Y), start a new Google Doc. Give it the file name: first name, last name - name of the STEM career you chose.

Example File Name: **Carol Brister - Chemist**

Name _____ **Homeroom** _____

When you have developed and typed your paper with the content from each of the questions given, double-check for spelling, grammar, capitalization, and punctuation. This will count off throughout your paper if you do not correct. You will need a Cover page and a Sources page. You should have 3 pages in all.

Grading Rubric

Your paper will be graded on the following criteria...

Cover Page (to include STEM career name and your name (first & last) 0 10
-You may include a picture that correlates with your chosen career.

File name as directed_/5

Paper contains all information listed/20
